

RUN TO YOU

By: gloryfall

INTRO: C - G/B - Am - G (x2)

VERSE 1:

When all seems lost, I feel alone
I can't begin to express what I feel inside
Trapped and confused, nowhere to go
Staring at the mountains ahead
Don't know how to make it work

CHORUS:

I will run to You, I will run to You
I will run to You, I will run to You

VERSE 2:

If giants rise, stand in my way
I'll stand my ground,
I won't back away
I want to see the victory
Know that in every circumstance
I can choose to view it through Your eyes

REPEAT CHORUS

CHORUS 2:

I will run to You, I will run to You
I will run to You, I will run to You

BRIDGE:

And I will choose Your will for me
Though I may not always know
The reasons that You have, I'll stand
on the promise of Your word
You're always there to carry me
When I can't go on

OUTRO:

You're always there to carry me
When I can't go on
You're always there to carry me
When I can't go on
